INFORMATION FOR COMMERCIAL EXHIBITORS

Commercial stands at the FIAF Congresses in Beijing (2012) and Barcelona (2013)

FIAF CONGRESS AND COMMERCIAL EXHIBITORS

Over the last few years, FIAF has been eager to develop a closer relationship with commercial companies in the film heritage sector. That is why we successfully launched the **FIAF Supporters** programme in January 2013. Nowadays FIAF also invites commercial companies to exhibit their products in a dedicated space of its annual Congress. Six companies were present at the Beijing Congress in 2012, seven in Barcelona last year. We hope to be able to accommodate as many exhibitors this year in Skopje. Please note that since the space available is limited, the stands will be allocated on a strict first come first served basis.

We have taken into account feedback given to us by last year's exhibitors, as we are keen to make your presence at the FIAF congress as effective and pleasant as possible.
